INTRODUCTION

On the 74 rolls of this microfilm publication are reproduced the compiled records that give histories of Confederate military units. The compiled records consist of jacket-envelopes bearing the names of the units and titled "Captions and Record of Events." These jacket-envelopes typically contain (1) caption cards showing the exact captions of the muster rolls as copied and the certificate of the mustering officer verifying the accuracy of the rolls; and (2) record-of-events cards containing information relating to the stations, movements or activities of each unit or a part of it, and sometimes to its organization or composition, strength and losses, and disbandment. The amount of information contained on a card varies. Some include only date and name of station of the unit. Others give detailed accounts of the unit's operations and activities. These compiled records are part of the War Department Collection of Confederate Records, Record Group 109.

Because some records of the Confederate Army were lost or destroyed during the war and at its close, the compiled military histories of most units are incomplete. There are no record-of-events cards for a small number of State units that were mustered into Confederate service and for militia units that were never mustered into service.

The compilation of records showing service of Confederate military units was undertaken simultaneously with compilation of service records of Confederate soldiers. The work was begun in 1903 under the direction of Brig. Gen. Fred C. Ainsworth, head of the Record and Pension Office in the War Department. Abstracts were made from documents in the War Department's collection of Confederate records and from documents borrowed mostly from Southern States by the War Department in an effort to obtain as complete military histories of units as possible. The original muster rolls and returns were the principal sources of information abstracted on the caption cards and lists of officers envelopes, but rosters, payrolls, hospital registers, casualty lists, Union prison registers, casualty lists, Union prison registers and rolls, parole rolls, and inspection reports were also examined for this purpose. Abstracts were verified by separate comparison, and every precaution was taken to ensure their accuracy.

Some of the jacket-envelopes, particularly those titled "Captions," "Rolls," "Instructions," or "Information," do not contain card abstracts, but do contain information cards that serve as cross-references to records filed with other units. On the front of each jacket-envelope is a series of numbers that corresponds to the number on the back of each card in the jacket. The reverse side, which contains a number and a date stamp, was

not filmed unless it contained additional information. The numbers and dates were stamped on the cards for control purposes at the time the compiled records were prepared. Later, notations were made on some jackets to indicate that clothing rolls of the units were extant. Card abstracts were prepared from information on these rolls and filed with compiled records of individual soldiers but not in the jacket-envelopes reproduced on this microfilm publication.

Preceding the jacket-envelopes of most units are empty envelopes on which are listed the names of officers of the unit or, occasionally, only the name of the commanding officer. The letter "C" and the numbers "1" and "2," which follow names of officers, indicate the grades of captain, first lieutenant, and second lieutenant, respectively. The lists often include dates on which units were called into service and mustered out; dates of deaths, promotions, resignations, or retirements of officers; and information relating to consolidations, transfers, disbandments, or other changes in the organization of units. A stamp reading "All rolls filed herewith" appears on some of the lists, but no rolls are now filed with the lists. Similarly, the notation "For references see inside," which appears on some lists, should be disregarded as there are now no reference sheets in the envelopes.

Lists of officers were prepared for many State militia units that were not mustered into service and for other organizations for which no rolls were found. These lists are filed under "Miscellaneous" and appear at the end of records of State units and at the end of records of units raised directly by the Confederacy. With a few exceptions no lists were prepared for units from North Carolina.

Most of the compiled records reproduced in this microfilm publication are arranged alphabetically by State, thereunder by type of unit (cavalry, artillery, and infantry), followed by reserve, militia, local defense, conscript, prison guard, instruction, or other organizations. The table of contents was prepared from caption cards; the information in parentheses or brackets consists of other names by which units were known and related information. The arrangement of compiled records for units raised directly or otherwise formed by the Confederate government is similar except that the latter units are not broken down by State.

The National Archives has compiled records of Confederate soldiers who served in units whose histories are reproduced in this microfilm publication. There are also card indexes to help locate the compiled service records of Confederate soldiers. All the records and the related indexes have been microfilmed.

The archivist responsible for the preparation of this microfilm publication is Geraldine N. Phillips.

Roster

of the organization named above,

dated Camp near Newwoods, June 15, 1864.

REMARKS.

This company (E) formed part of the 4th La. Vol. Inf. 12 months vol.-organized April 25 '61 - reorganized in April 1862, & was exchanged into this Battalion in May '62. About Sept. 25 '62, this company (E) then independent, was in consequence of an order issued by Gen. Van Dorn, ordered all units - reached partisan Ranger. Co. to unite & form themselves into Batt^{ns} or Regts. joined to the 9th La. Battⁿ com^d by Lieut. J. H. Wingfield, Sec. Ruggles, then com^d. Lieut. objected to the order of Gen. Van Dorn & disbanded this with several other commands. In Jan'y 1863, the order of Gen. Ruggles was rescinded by the Secy of War & the officers ordered to report for duty. Lieut. S. H. Jones & S. J. Reilly were left out of the reorganization of the company in Jan'y 1863 - they either not reporting for duty or relinquish^{ing} their rank.

The Battalion & company records, having been lost at the surrender of Post. Therefore it is impossible to make a more complete roster.

RECORD OF EVENTS.

Co's A, G, E, & D were regularly inspected and mustered on the 25 Jan 1861 and the others with companies A & Mustered a few weeks afterwards. At this time there was no organized force in this section and the ensuing losses may have been considered as a set-off to the Miss State line. The Dept is respectfully referred for further information on this subject to Messrs J P Benjamin and G M Goodale. Co's B, C, D, E, F, & H are at present attached to Primary Battalion Co's A & B in a temporary Bat. under Major Genl. Stoddard. (over)

On the 25th June 1864, one of four
of the Companies now mustered by the

for the 187th Battalion were raised almost
exclusively in the wrongs line to wit:

being now on duty in Ogden's Regt.)
No. 100 recruits. The 100 recruits

was duly elected Major of the Battalion
in order to complete the organization.

garrison and doing
 guard duty between the
 months of the November and
 Elizabeth River until the 19th
 day of April 1862 when the
 Regt was ordered to South
 Mills, N.C. for the purpose of
 repelling a raid then on
 foot against the Great Swamp
 near the river, being re-
 turned and the time having
 expired when the term of ser-
 vice had expired the companies
 were ordered to reorganize and
 elect their officers in accord-
 ance with the provisions of
 April 11th 1862, which was done
 accordingly. When this time
 it became necessary for the
 Confederate forces to evacuate the
 place at Norfolk and to move
 the Regt was consequently sent
 to the City of Norfolk, to assist
 in the defence of that City
 against the Army of Wm. B. Fran-

 in which our Regt was en-

Confederate States Service, form-

southern shore of Washington Roads -
At this point, ordinary garrison duty was
performed, special in the shore, Camp
guard, and drill, squads, until thor-
oughly disciplined, and creditably
drilled. Witnessed the great Naval
Combat March and Sea coast quiet
reign of supreme until April 19, 1862,
during stormy evening orders were
given to move immediately by the Dis-
trot Surgeon General to South Mills on the
Virginia coast, prior to retreat of the
enemy under Genl Reno's provisions
to our arrival. Genl Wright of the 54th
regt had driven them away from
the field giving them a severe lesson
in the art of war. The evacuation of Har-
per's Ferry necessary our regiment
retreated by the Roanoke and South Mills
Road to Melrose H. C. but before leaving
South Mills, our regiment became neces-
sary, the Congress and being 12 Mass troops, that
ceremony was performed amid stor-
my scenes, for many men openly charged
the authorities with violation of a con-
tract - the record hereunto shows
how large a number, acted upon this
opinion, and left the service.

Historical memoranda continued: the efficiency was almost destroyed, and ever afterwards, the individual pride and unflinching courage of the men alone made them a terror to the enemy on many bloody fields. The great rebel yell (so called by the enemy) Yi! Yi! Yi!!! Common sing low, and increasing at each utterance, was instituted by Brovack Gallagher of this Company, and in innumerable, the glorious and soul stirring charges, he started the yell, with a deep, sonorous bass voice, which having been once heard, can never be forgotten. From the Eden, the Regiment was moved to Petersburg, thence to the trenches on Charles City Road seven miles east of Richmond, participating only as reserve at Seven Pines, through the neglect of Maj. Genl. Huger whose disobedience of orders cost him his Division Command. From this period, June 1, 1862, until the 25th June 1862, disorder & dissipation prevailed, the new organization was difficult to control, but on that day the Battle of King's School House occurred, and out of 350 men taken in, 145 were killed and wounded. And 16 out of 27 officers, this Company (over)

HISTORICAL MEMORANDA.

This Company was organized at New Orleans, La. and mustered in the state service on the 20th April 1861 as Company (B) Orleans Light Guards Battalion where it was mustered in the service of the Confederate States on the 20th April 1861, and designated as Co. G of the 1st La. Regt organized and commanded by Col. Albert S. Blanchard. The Co together with the other Companies of the Regt were then ordered to Richmond and subsequently to Norfolk, Va. where it performed garrison and duty (over)

of Alexander & Elizabeth
River until the 9th day of
April 1862 when the Regi-
ment was ordered to South
Hills N.C. for the purpose of
repelling a raid then on foot
against the Swamp Swamp
Canal, the weather having
retired and the tide having
arrived when the term of
service had expired the
Companies were ordered to
reorganize and elect their
officers in accordance with
the Congress Act of April
6th 1862. which was done
accordingly about this time
it became necessary for
the Confederate forces to

defense of the city against
the arms of M^cClellan which
was then in close proximity to
the city. The first battle in which
any casualties occurred was
on the Williamsburg Road
about four miles from Rich-
mond and at a point known as
"Kingshook house" from which
the battle was named. The
Regt. suffered severely losing
in killed and wounded 144
out of 365 engaged and the
company being eleven out of
26 engaged. The cause of
a so small a number being
in the fight was the sick-
ness of the men that pre-
vailed at the time they were
not so accustomed to the
hard service and exposure of
a soldier's life. Although
the fight lasted throughout
the day, nearly all the cas-
ualties occurred within
the space of 30 minutes (over)

after the first shot was fired, the
Regt being compelled to fall
back to a stronger position,
in consequence of the strong
position and long superiority
of numbers of the enemy such
a result in their first engage-
ment, would to men of less
awe, and determination
have proved ruinous to their
courage and bravery, but as
with the first Louisiana for at
Madison Hill the men proved
that the fight had not been
taken out of them and after-
wards at Mansfield, when the
Louisianians had been united
into two Brigades an excellent
opportunity was offered for
revenge, which the old first
had gallantly embraced,
literally covering the earth with
yankees dead, a large number
of prisoners and 3 pieces of
artillery were captured of
the Brigade. It was at this
battle that Stark's Louisiana
Brigade - after their disper-
sion had become reorgan-
ized in enemy colors a

Its mention has been made of meritorious conduct. It is deemed best to let the number of engagements in which each member has participated be his recommendation as a soldier. HISTORICAL MEMORANDA.

We were suddenly intruded upon
by Capt. G. M. Galt at New
Orleans, La. on the 22 day of April
1861. It is impossible for me
to write a correct account of my
Company having just returned
from a 3 months imprisonment
and find my Company papers
all lost, so that this record is
made only from memory. The
Memoranda is also too small
as I was obliged to leave out
all that the 3rd Louisiana
Company was in for want of space.
A more complete record can be made
if by the way as most of the Company
Memoranda have a copy of their
Company books inside of the
